

# Advance Health Care Planning Workshops

Presented by a panel of medical and other healthcare professionals,  
as well as attorneys and financial planners.

Learn the importance of making your  
future health care choices known to your loved ones now.

## TOPICS

- Advance Directive forms
- Integrating the family in decision making
- Choosing your health care advocate
- Locating & navigating community resources

Comments from attendees at prior workshops:

“I didn’t know how much I needed this information. I’m glad I attended.”

“Having the chance to have my questions answered by professionals was  
the best reason for attending...and it was free”

“I’ll keep the information packet provided at the workshop in a special  
file for my children to use for my future care decisions”.
